Greetings,

Attached you will find the bell schedule for the upcoming year. Brazoswood and Brazosport are on the same schedule.

The schedule was built on two basic premises; 1) What is best for students under the constraints of a block; and 2) Instructional time is sacred and must be protected.

Highlights of the schedule are as follows:

- 1) Note the time change for the start of school has been moved up to 8:00.**
- 2) Note that we will have an advisory class every day.**
- 3) Navigations will take place once a week during advisory with the same teacher and the daily schedule will not change.**
- 4) Daily announcements will be broadcast during advisory.**
- 5) Assemblies will take place during advisory so not to interfere with instructional time.**
- 6) Zero hour classes will not be affected.**
- 7) Students traveling to (or from) B'port after 2nd period will miss advisory and not class time.**

More info to come,
